**Are you passionate about tackling homelessness
in Bradford?**

Do you have a heart to support homeless people?

Hope Housing is a Christian charity that dreams of eliminating homelessness in Bradford. We provide long and short stay accommodation to people who would otherwise be sleeping rough. Long-term accommodation is provided through partnerships with local churches in an increasing number of properties around the city. Emergency night stays are available thanks to our network of volunteers who open up their homes and have people stay.

**An exciting opportunity to work with a dynamic
Christian charity tackling homelessness.**
